Network Cabling and Connections

Objectives:

At the end of this episode, the learner will be able to:

1. Identify network cabling and determine appropriate installation process.

Exam Objective: *1.1 - Given a scenario, install physical hardware.*

Description: In this episode, the viewer will identify network cabling technologies, types, connectors and standards.

- Network cabling
  - Redundant networking
  - Twisted pair
  - Fiber
    - SC
    - LC
  - Single mode
  - Multimode
  - Gigabit
  - 10 GigE
  - Small form factor pluggable (SFP)
  - SFP+
  - Quad small form factor pluggable (QSFP)
  - Cable management
